

# Shingle-Mate<sup>®</sup> Roof Deck Protection

Help protect your home and roof system from damaging moisture with fiberglass-reinforced roof deck protection

- Provides a critical layer of extra protection between your shingles and roof deck to resist wind-driven rain (or moisture from other sources) that can cause damage to your roof structure
- Avoids ugly “telegraphing” through your shingles that can detract from the look of your new roof
- Helps ensure your shingles lie flat and uniform

# Shingle-Mate® Roof Deck Protection

## Benefits:

- **Fiberglass-reinforced** (unlike conventional felts) so it lies flatter for a better-looking finished roof
- **Reduces call-backs** caused by ugly telegraphing of wrinkles through the shingles
- **Lighter and easier to handle** than conventional #30 felt
- **Competitively priced** with conventional #30 felt on a per square basis (pricing varies by market)
- **Helps eliminate the need to slit bubbled felt** which may be required when using conventional felt (compromising the weather-resistance of your roofing system)
- **Can be applied** over plywood, wood plank and all other approved roof decks<sup>1</sup>
- **Eligible for up to a Lifetime limited warranty** when used on Lifetime Shingle roofs<sup>2</sup> and it's an eligible component of GAF residential enhanced warranties.

<sup>2</sup>See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions. The word "Lifetime" refers to the length of coverage provided by the *Shingle & Accessory Limited Warranty* and means as long as the original individual owner(s) of a single-family detached residence [or the second owner(s) in certain circumstances] owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Limited Warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

Note: Shingle-Mate® Roof Deck Protection must NOT be left exposed to moisture or precipitation.
